**Date of Birth: 4th Nov 1946**

**Date of Demise 13th Nov 2020**

**'JINDAL PUBLIC SCHOOL'** cordially pays tribute to great soul **'Smt. SHARDA DEVI JINDAL'** who has been an ideal, religious and peace loving woman. She always helped the poor and supported not only human beings but also animals and birds. She attached herself with the prayer of God and moulding the education of members. She has been a symbol of peace, love justice, kindness, generosity, sympathy and cooperation. By her blessings and grace, J.P.S. Family has set a new pillar in Educational world of Eastern U.P.

'The whole purpose of education is to turn mirrors into windows. The function of Education is to teach one to think intensively and to think critically. 'Intelligence plus character' that is the goal of true education. Education is not preparation for life; Education is life itself.

Students look up to their teachers as their guides, mentors. A teacher should not let them down. Healthy relationships with teachers have been co-operative, constructive and enduring implications for student's intellectual and collective development. Teachers, who foster optimistic relationship with their students, create classrooms environment more conducive to learning and meet students' development, emotional and academic needs.

We are thankful to her for her great inspiration and blessings.

It is the matter of great privilege for me to be the Chairman of JINDAL PUBLIC SCHOOL' which has given me the opportunity to give a little contribution in the development of our country through the development of our small students who are the backbones and future of the country. Here in J.P.S.' we inspire and motivate students to be Responsible, Hardworking, Disciplined, and Polite so that they may form their all around development and this auspicious work of our teaching staff support on each and every step.

I hope that J.P.S. family will succeed to provide a huge flame of knowledge from where discipline and manners are spreading over and over.

In today's competitive world, one can get success only through dedication to the cause and continuous hard work, so all the students must keep this line in mind. "There is No short cut way to success but hard work".

My best wishes to the students and our teaching staff as well as other supporting staffs who have been a part of this journey towards perfection in Imparting Education for the harmonious growth of students.

*“Work hard, be kind and  
Amazing thing will happen.”*

“Education is the ability to listen to almost anything without losing your temper or self confidence”.

On assuming the office as C.M.D. of the prestigious and well regarded JINDAL PUBLIC SCHOOL. I convey my immense pleasure in getting an opportunity to work and fruitfully interact with all teaching and non teaching members dear students, their parents and other hands who have contributed this big family with their never failing cooperation.

Our guardians are one of the most special honouring bodies. We are always thankful to them for their divine co- operation and support with a firm faith that their love and affection in blessing form will always be with school family.

I firmly believe that it is good education alone that can cause the required change and progress in the society and good schools can shape the destiny of the nation by moulding the children into responsible future citizens. J.P.S. endeavors to do just the same.

Let this journey be updated with new passion and re-newed dreams looking forward, I am filled with hope and optimism that we may have come along way but the best is yet to be achieved.

As hon'ble APJ Abdul Kalam says, “If you want to shine like a sun, first burn like a sun.”

*“Never deviate from right path”*

It is matter of immense pleasure and proud to be a part of JINDAL PUBLIC SCHOOL which has given me the opportunity to serve, the mankind and society by holding a small flaming torch of education. J.P.S. School has very simple thesis- “Something one finds difficult, doesn't mean, one should not try, It means one should try harder, with double vigour and triple confidence.” Jindal Public School has been very grateful and thankful to its guardians and well wishers who have always been supportive to our disciplined and determined family. In the absence of their matchless co-operation. No doubt, the journey might be harder and tiresome. At last I wish to say to my dear students that they should always keep in mind what Dr. Kalam said:

**“If you salute your duty, you need not to salute anybody,  
If you pollute your duty, you have to salute everybody.**

It's our duty to build and provide Integral development – intellectual, mental and spiritual of every child enrolled here to make them responsible, broad minded, patriotic and disciplined citizen of the country. “The mediocre teacher tells, the good teacher explains, the superior teacher demonstrates, and the great teacher inspires”.
